DETAILED ACTION

Claims 1-3, 11, 12, 23, 28, 83, and 84 were rejected in the final Office Action of 11 June 2007.

Applicants' submission under 37 CFR 1.116 on 8 August 2007 has cancelled claims 23, 28, 83, and 84. Claims 1-3, 11, and 12 are pending in this application.

Claims 1-3, 11, and 12 are allowed subsequent to the Examiner's Amendment set forth below.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Maris Dubuc (46,673) on 13 August 2007.

The application has been amended as follows: In claim 11, lines 1 and 2, delete the words "the sets of reference planes" and replace with –the plurality of sets of coordinate references–.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance: Applicants' remarks submitted on 26 October 2006 persuasively distinguish the claimed invention over the closest prior art of record.

The prior art fails to teach or suggest all of the elements of the claimed invention, including:

(claim 1) "adding a plurality of form features, each of the form features being added to a corresponding set of coordinate references from the sets of coordinate references such that (1) each of the form features is associatively dependent with the corresponding set of coordinate references from the sets of coordinate references and associatively independent from each other set of coordinate references from the sets of coordinate references, (2) each of the form features is associatively independent from the base feature, and (3) each of the form features is associatively independent from each other of the form features"

in combination with the other recited elements of the claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
